Hello Clark,

EPA is amenable to an extension of time for providing a response. Other parties have expressed limitations in being able to respond within 60 days to the 104(e) requests due to the COVID-19 pandemic. EPA has granted those parties until Friday, July 17, 2020 to provide their response. EPA is willing to provide the same extension of time to Lee & Estates.

EPA now considers the response from Lee & Estates to be due by Friday, July 17, 2020. All other aspects of the request remain the same.

Thank you,

Richard

Subject: Harbor Island/East River: Lee & Eastes 104(e)

Hi Richard,

I am assisting Lee & Eastes in responding to the EPA 104(e) requests in the above-captioned matter. I request an extra 30 days to respond, making their response due on June 10, 2020.

Lee & Eastes contacted me promptly on receiving the 104(e) requests. Unfortunately, the email that they originally sent with the 104(e) did not reach me. There apparently was a technical or human failure at my end. This is the reason for the need for the extension.

If you would like to discuss this, please call my direct line, 253-858-9422.

I hope you are comfortably socially distancing and staying safe.

Regards,

Clark J. Davis
